Wishing you all a safe and happy Christmas holiday time from Instrumatics

We would like to thank you for supporting Instrumatics activities and initiatives over the year.
We wish you and your families a safe and happy Christmas Holiday time and all the best
for the New Year.

Trading hours over the holiday period will be as follows:

Last trading day 2017 Friday 22nd December

Returning 2018 Monday 8th January

Limited staff will be available on the non-statutory holidays (between Wed 27th Dec and Fri 5th Jan 2018), so feel free to call if you have any urgent inquiries.

Here are a couple of products that may offer solutions to your projects.

VEGA WE ♥ RADAR

Vibrating level switch for liquids

The VEGASWING 61 is a universal level switch for use in all liquids. Independent of the mounting position, it detects reliably with millimetre accuracy the limit level. The instrument can be used as empty or full detector, as approved overflow protection, dry run protection or pump protection in vessels and pipelines. The VEGASWING 61 offers maximum reliability in a wide application range.
